

EAST FLAGSTAFF
Northern, Arizona

Looking east along U.S. Hyway 66. This fast growing community offers fine tourist accommodations. The 7,000 ft. altitude provides a summertime temperature of 75° average.

Dear Mother -

Here we are fixing to eat
supper. We had a wonderful
time so far. We relaxed around
the house practically all last
week which we enjoyed very
much. We left early this morning
and went to Prescott (very pretty
scenery). Then to Jerome (a ghost
town.) then to Flagstaff. We are
spending the night here with Shirley
& Ozgie, then tomorrow will tour
around here and back to Chandler.
Having a wonderful time.
